 Well balanced and intense red wine, delicious with red meats, cheeses, chorizo and other Spanish cured meats.
  
- \*Organic version is Syrah-Tempranillo

# La Viña WINERY

## D.O. Valencia

Located in an excellent soil and exposure to sunlight , La viña is a cooperative located in La Font de la Figuera. The winery has one of Southern Spain's best equipped vinification cellars and his includes an experimental section where tests are carried out with the participation of the University. Go ahead management team and BRC / IFS qualified cellar gurantees very modern wines which are delivered competitively and safely.

The vineyard is located primarily in the Miocene and Quaternary soils, brown humus-poor in their upper layers and limestone in general, which promotes the quality of wines. They have no impermeable layers, so there are usually no drainage problems.
