2021 VINTAGE:

Rain events at the beginning of bloom diminished yields, and a dry summer was punctuated with unprecedented heatwaves. The timing worked in our favor since the heat happened pre-veraison, and the vines handled it well.

Harvest started in early September, but lower temperatures across the state allowed for a long and measured harvest season, with harvest extending into mid-October.

No disease, high sugars, balanced acids, and great flavors. 2021 will undoubtedly rank as one of the top Oregon vintages.
