Grape variety

100% Vermentinu

Terroir

The soil is characterized by its sand and clay sediments left over by the evaporation of the Miocene sea (5 Ma).

Winemaking

Harvest at night to preserve the freshness of the fruits and avoid oxidation.

Direct press and cold settling. Fermentation in temperature-controlled stainless-steel tanks.

Tasting notes

Pale straw color with green tinges. The wine is mineral and rich with citrus aromas on the nose. Lively as it hits the palate, it develops into a rich, smooth and unctuous mouthfeel. This wine has a big personality.

Pairing suggestions

Can be enjoyed as an aperitif but also goes well with salads, seafood, shellfish and fish 'à la plancha' and goats cheese. Serve at 50-54°F
